Nguyen, Thuy has shared a OneDrive for Business file with you. To view it, click the link below.

 PFAS in Pesticide Containers - Status - 02 18 2021.docx

---

Please include time line for the testing, where appropriate.  
I will also work on it tomorrow and share my time line with you to see if you agree  
Thanks  
Thuy

**Subject:** Next Week PFAS stuff

Hey Thuy,

On Tuesday, Ed would like us to join his general with Michal Tuesday afternoon to discuss the final results of the PFAS testing and the below status document. So, a couple of questions:

- Please review the document attached and please either confirm or add information where needed.
- Please let me know the status of the data QA as of COB Friday in anticipation of a release next week and a walk through with Michal on Tuesday.
- Please let me know the status of the method validation and Anvil data, as well as anticipated dates (I'd like to add this to the status paper).

Thanks so much! Once I have your thoughts on the paper, I'll create a "channel" in Teams to post this for other offices (OECA, OPPT) to also add to (the 2<sup>nd</sup> chronology). I can split the papers, if that makes sense.

Many thanks,  
Kimberly
